Dear Roz and Charles:

Thank you for sending me a message as to the comment in the new Pulitzer biography about an item in my money collection. I thought you would be interested in how the matter occurred. I was talking to Emmy Pulitzer at some affair and I asked her if she had seen the Pulitzer item in my Missouri paper money section of my Money Museum at Washington University. She indicated that she had not and asked about it because she said a new biography was being written about him. I told her that it was a note promising Pretorius the editor of the Westliche Poste to pay in six months for a portion of the ownership of that newspaper..She notified the biographer and it became apparent that he needed detail on that matter. I sent him a photocopy. I was surprised at the biographer's unnecessary comment. Serendipity rides again.

We have just arrived in Martha's Vineyard for the summer and hope to finish healing my fall. How one can break his neck and still survive is a miracle.

Our best to all of you and your offspring. Thrive Eric .

That is exciting about the Pulitzer book. Love to Evelyn and the family and look forward to seeing you when you get back! We are fine here, very busy with all the grandchildren. love, Roz
